# The Complete Project Partner

End-to-end FF&E and building-material solutions for hospitality and multifamily projects — engineered, manufactured, and delivered to US commercial standards.

# Your Reliable Engineering Supply Partner

## Who We Work With

- Developers & Investors
- General Contractors
- Restaurants
- Hospitality Groups
- Property Management Companies

## Our Competitive Edge

Our strongest advantage is integrated supply: one-stop FF&E and building materials for US multifamily and hospitality. Most competitors specialize in only cabinetry, furniture, stone, or lighting. PCRE delivers the complete package — reducing vendor count, simplifying logistics, and ensuring design consistency across the entire project.

## Complete Building Material Solutions

01

### Flooring & Millwork

Fully custom commercial furniture and architectural millwork, flooring, wallpaper, marble. Built to commercial-grade durability meeting US specifications.

02

### Kitchen Cabinetry & Countertops

Commercial-grade kitchen cabinetry with US standard dimensions, soft-close hardware, and quartz/granite stone countertops. Designed for mass-production consistency.

03

### Bath Products & Mirrors

Complete bathroom solutions including vanities, LED backlit mirrors, decorative mirrors, and plumbing fixtures. Waterproof, anti-fog, and batch-consistent quality.

## One Supplier. One Standard. One Schedule.

Every category is engineered to interlock — so specification, quality control, and delivery all run through a single accountable partner.

## Outdoor, Building Systems & Decorative Metal

04

### Outdoor Living & Pergola Systems

Weather-resistant outdoor furniture, cabinets, and heavy-duty pergola systems engineered for long-term outdoor exposure. UV-resistant, waterproof, and rust-proof.

05

### Doors, Frames & Building Materials

Complete interior door and frame systems, flooring, wall coverings, ceiling systems, lighting fixtures, and carpet. Fire-rated and code-compliant options.

06

### Decorative Metal & Wire Products

Architectural decorative metal series including wire mesh, metal chains, steel products, and safety cages. Custom finishes for facades, partitions, and art installations.

### Total construction Packages

We offer complete package adding construction management and general contracting to your project. One supplier, one quality standard, one delivery schedule.

## Tailored for Every Project Type

### Hotel & Hospitality

Full-cycle FF&E customized supply for star hotels, boutique hotels, and resorts — guest room furniture, fixed millwork, bathroom systems, lighting, outdoor landscape, and decorative metal. We support design coordination, value engineering, batch QC, and phased delivery.

GUEST ROOMS · PUBLIC AREAS · RESTAURANT & BAR · SPA & POOL · OUTDOOR LANDSCAPE

### Multifamily Apartment

Tailored for large-scale residential, rental, and renovation projects. Standardized plus customized supply of kitchen cabinetry, stone countertops, door & frame systems, bathroom fixtures, interior furnishings, and public-area materials — for high batch consistency and cost control.

UNIT KITCHENS & BATHS · DOORS & FRAMES · COMMON FINISHES · AMENITIES · RENOVATION

### Commercial & Mixed-Use

For commercial offices, retail, mixed-use buildings, and public facilities. One-stop building materials and customized decoration — from indoor base materials to high-end decorative metal art, from interior furniture to outdoor landscape structures.
